Professional Profile

Systems Engineering student (4th year) at UTN with a solid background in Object-Oriented Analysis, Design, and Software Development. Driven by a high-agency mindset, I specialize in backend architecture and database efficiency. I am specifically applying to Ramp because I want to solve complex backend challenges within your core spend infrastructure, bringing my experience with TypeScript and PostgreSQL to build scalable, resilient solutions for data-dense financial systems.

Technical Skills

- **Languages:** JavaScript (ES6+), TypeScript, SQL, HTML5, CSS3, Python.
 - **Frontend:** React.js, React Native, Expo, Tailwind CSS, Redux, Responsive Design.
 - **Backend:** Node.js, Express, PostgreSQL, Prisma ORM, RESTful APIs, Supabase. Tools &
 - **Methodologies:** Docker, Git, GitHub, VS Code, Postman, Scrum, Kanban, UML, Figma.
-

Experience

- **MindGuild – Collaborative Study Platform | Mar 2026 – Present**
Mobile & Frontend Developer | React Native, TypeScript, Firebase, Supabase Collaborating in an agile team to build a gamified mobile app. Implemented serverless auditing and ranking logic with Supabase and Firebase, designing an optimized state flow for real-time data sync to prevent network overhead.
 - **Spott - Event Platform | Mar 2025 – Dec 2025**
Full Stack Developer | React, Node.js, PostgreSQL, Docker, TypeScript, Express.js Developed a full-stack event platform in a team setting, integrating the Spotify API and JWT/Zod authentication. Orchestrated the PostgreSQL database with Prisma ORM and standardized local environments using Docker. Built robust middleware for request validation and structured error handling to scale transaction security.
 - **Crónicas de Tinta | E-commerce | Mar 2025 – Dec 2025**
Full Stack Web Developer | React, Express.js, Prisma ORM, TailwindCSS, TypeScript Built a virtual bookstore individually featuring a persistent shopping cart and real-time filters. Designed and implemented a custom RESTful API with Express and Prisma ORM to ensure clean full-stack data persistence, refactoring server-side queries to improve catalog indexing.
 - **Psychology Appointment Management | May 2025 – Jul 2025**
Freelance Web Developer | HTML5, CSS3, JavaScript, Responsive Design Digitized a professional practice's agenda individually using a responsive web solution. Optimised patient acquisition and administrative schedule management through an interactive, dynamic calendar interface, ensuring cross-browser compatibility and zero-latency UI rendering.
-

Education

B.S. in Systems Engineering | Universidad Tecnológica Nacional (UTN) | 2023 – Present

- **English Language Training** | MGLOTS Institute
 - [Responsive Web Design](#) | freeCodeCamp | 2025
 - [Python Certification](#) | freeCodeCamp | 2026
-

Languages

- **Spanish** — Native
- **English** — Advanced (B2 Level)
